*Championing better  
work and working lives*

The aim of CIPD Midwest community for 2020/2021 is to continue to keep our local members connected and informed by sharing key insights that will support and develop the people strategy for organisation in the Midwest region.

We will be moving to virtual programme for 2020/2021 in collaboration with all regions to meet this goal of staying connected. Regional seminars, videos, podcasts and virtual coffee forums will replace our face-to-face encounters.

We are delighted to continue our strong partnership with the University of Limerick through the Kemmy Business school. We look forward to UL's hosting of our annual event this coming January 2021

We encourage our cipd members to enter their organisations in the 2021 CIPD National HR awards. Entries are now open with a wide range of categories. Closing date for entries 4th November 2020

2020 has been a challenging year for all and our respective organisations. We all need to continue to stay resilient throughout 2021. Our midwest regional committee have many years of experience in HR community and they continue to stay attentive on the relevant topics and content to build into this years programme in this changing environment that will support you locally.
